***Last update: 7/03/2026***

At ATTIKOS OURANOS A.E. ("**Company**," "**we**") we are committed to operating transparently with regard to the use of cookies or similar tracking technologies, such as pixels (collectively, "**Cookies**") on our website and its subdomains (collectively, the "**Site**"). This Cookies Notice (the "**Notice**") is provided to users of the Site (the "**Users**" or "**you**") to inform you of the Cookies we use. We aim to ensure that you are fully informed before you choose to give your consent to the use of Cookies when required.

### **WHAT ARE COOKIES?**

A cookie is a small text file that is sent to your web browser and stored on your terminal equipment (e.g., computer, tablet, or other mobile devices) when you visit a website. It has a unique identifier that identifies your device and enables a website to "remember" your actions and preferences (e.g., language settings, font size, etc.).

There are several types of Cookies. Based on their origin, Cookies are divided into "first-party Cookies" which are set by the operator of the website you visit, and "third-party Cookies", placed by third-party websites.

Cookies are also divided into "session Cookies" and "persistent Cookies" based on their lifespan. "Session Cookies" are deleted at the end of your browser session, i.e. when you close your browser, at which point they are automatically deleted, while "persistent Cookies" are stored on your terminal after you close your browser and are deleted when their lifetime is reached.

Finally, Cookies are divided into categories based on their purpose of use, e.g. "strictly necessary Cookies", "preference Cookies", "statistical Cookies", "marketing Cookies", etc.

### **WHY DO WE USE COOKIES?**

In general, we use Cookies to make our Site more user-friendly and effective. Some cookies we use are strictly necessary for the Site to work and to enable you to use the Site and its services. Below you can find an overview of the categories of Cookies we use on the Site, the purpose they serve their source and their duration.

### **APPLICABLE FRAMEWORK ON COOKIES**

Under applicable EU law, the storage of information or the acquisition of access to information stored on a user's terminal equipment, such as the use of cookies, is in principle permitted if the user has given prior consent on the basis of clear and comprehensive information.

An exception to the consent requirement is made for the storage of and access to information solely for the purpose of "the transmission of a communication over an electronic communications network or necessary for the provision of an information society service expressly requested by the user or subscriber". Thus, user's consent is not required for cookies that are technically necessary to connect to the website or to provide the Internet service.
